

# CORSO DI DOTTORATO IN SCIENZE MEDICHE E CHIRURGICHE TRASLAZIONALI

## SEMINARI I SEMESTRE 2024

DATA	ORA	RELATORE	TITOLO
19/01/2024	16:00 – 18:00	Prof.ssa Sara Tagliaferri (UNIPR)	<i>Machine learning tools for scientific reviews</i>
02/02/2024	16:00 – 18:00	Dr.ssa Benedetta Pellegrino (AOUPR)	<i>RAD51 as functional and dynamic assay of Homologous Recombination Repair Deficiency in breast and ovarian cancer</i>
08/03/2024	16:00 – 18:00	Prof.ssa Federica Fantuzzi (UNIPR)	<i>Reprogramming and differentiation of human iPSC into beta cells: application in basic and translation research</i>
05/04/2024	16:00 – 18:00	Prof.ssa Maria Elizabeth Street (UNIPR), Prof.ssa Anna Maria Shulhai (Ternopil National Medical University)	<i>Endocrine Disrupting Chemicals: current knowledge on their effects in breast and formula milk and new insights from the LIFE-MILCH project</i>
19/04/2024	16:00 – 18:00	Prof.ssa Ludovica Leo (UNIPR)	<i>Artificial Intelligence in Medical Imaging</i>
17/05/2024	16:00 – 18:00	Prof. Lucas Moron dalla Tor (UNIPR)	<i>Big Data in oncology: genomic analysis and bioinformatics</i>
31/05/2024	16:00 – 18:00	Prof. Paola Storti (UNIPR)	<i>Defining the molecular events in the evolutionary trajectories of myeloma precursor conditions</i>
14/06/2024	16:00 – 18:00	Prof. Gaetano Caramori (UNIPR)	<i>Modulation of the intracellular signalling pathways in lower airways inflammation</i>
