Hyperion's eLearning Workshops on Horizon Europe

1) Identifying Opportunities in Horizon Europe - Horizon Europe is the name of the European Union's Research and Innovation Programme (2021 to 2027). This workshop is designed for newcomers to Horizon Europe. At the end of this workshop the researcher will be able to produce a Power Point presentation summarising the opportunities in Horizon Europe.

Modules:
1. Horizon Europe Funding Landscape
2. Opportunities in Pillar I (Excellent Science)
3. Opportunities in Pillar II (Global Challenges and Industrial Leadership)
4. Opportunities in Pillar III (Innovative Europe)
5. Opportunities in Widening Participation and Strengthening the European Research Area
6. Third Party Funding Opportunities
7. Funding Plan for Early Stage Researchers

2) Strategic networking at a European level - Horizon Europe most projects are implemented using a consortium of organisations. One of the organisations acts as 'Coordinator' of the proposals. The Coordinator normally selects the partners for the projects. Strategic Networking is about promoting your expertise so that Coordinators invite you into their proposals in the future.

Modules:
1. Partners in Horizon Europe Proposals
2. How Coordinators Select Partners (The Critical 5-Seconds)
3. Strategic Networking for Marie S. Curie Proposals
4. Strategic Networking for Pillar II Proposals
5. Sources of Ideas for Horizon Europe Proposals
6. How Research Support Services can promote Strategic Networking

3) How to write a competitive proposal in Horizon Europe - This online course is designed to train researchers, research managers and research support services in writing professional and competitive proposals for Horizon Europe. The course analyses the relevance of Horizon Europe to EU policies, the common problems in proposal writing and the success criteria for proposals. The course provides advice on how to collect information, select strategic partners and streamline proposal writing.
