Dear Incoming Student of the “Corso di Laurea Magistrale in Medicina e Chirurgia” (degree in Medicine and Surgery) of the University of Parma,

this is the official list of Courses you may choose to follow during your mobility period in Parma. Students who wish to attend courses that are scheduled in the first or second year of the degree in Medicine and Surgery (e.g. subjects like histology and embryology, human anatomy, biochemistry, immunology, microbiology) should contact the Erasmus Coordinators for infos (see contacts at the end of the document).

All courses (“integrated courses”/“corsi integrati”) held in our degree in Medicine and Surgery are partitioned in smaller modules. In some courses, you may choose to attend just one or more modules of a course, but this is not the case for all courses. Practical activities/internships are those named “Tirocinio”. You cannot attend a module of frontal lessons if you do not attend also the corresponding Tirocinio, but you can attend Tirocinio without frontal lessons. In the latter case, you will not take an exam at the end of the internship, and you will not be given a mark, except for specific situations that must be agreed upon with the Erasmus Coordinators. Please read carefully the instructions for each course listed below.

**FIRST (AUTUMN/WINTER) SEMESTER COURSES**
